Voodini : Sports Fan Voodoo Kit before purchasing it in order to gage whether or not it would be worth my time, and all praised Sports Fan Voodoo Kit:

0 of 0 people found the following review helpful. Pleasantly surpr...make that astonishedBy TanTonedinFLAI wasn't even going to read this after buying it as a gift for my sports loving beau. But just before I started to wrap it, I thumbed through the booklet, and couldn't put it down. I'm not even a sports fan but this had me laughing out loud for a couple hours. It's also helped me snap my beau out of his sports watching haze by making him laugh with jokes and comments based on this book. My only critique is that the voodoo doll is in serious need of a makeover.1 of 1 people found the following review helpful. Laugh Out Loud FunnyBy TPS Report RefugeeI wasn't real thrilled getting this kit as a gift from my girlfriend (I think it was her way of telling me I watch too much sports). But then I started reading the book that comes with it last night and didn't stop until I was through-except for when I was laughing to hard to keep going. Really funny stuff. The read is well worth the price even if you never use the voodoo doll and spells.1 of 1 people found the following review helpful. Funny, funny, funny, funny.By TorreForeverThis book had me laughing a lot. The author obviously knows his sports and loves them but also knows how to have a good time watching them. Lots of references to great players and coaches and teams and lots and lots of good laughs. I especially liked the Billy Martin spell. Maybe Yankees fans can use this stuff to get their team back on top next season.

The ultimate weapon for all those superstitious sports fans who need an extra edge in helping their team win. This

amusing book-plus kit in our very successful Voodoo format (nearly half a million sold!) includes a 64-page book and plush voodoo doll with stickpins to push into all the wrong places. The book includes humorous text for casting dozens of such silly spells as Booboo Voodoo (simple injuries and mishaps), Pinning the Blame (creating internal dissent), and Voodoo Economics (money problems). The enclosed doll is printed with dozens of funny phrases promoting both good and bad mojo. Of course, pushing the pins into the doll "activate" the spells.

About the Author Turk Regan has been a writer for over two decades. He is the author and creator of two previous kits, Sports Fan Voodoo and Pimp My Cubicle. He lives as far from the political fray as possible with his wife in Montana.
