Robb Pearlman : Star Trek: Redshirt's Little Book of Doom before purchasing it in order to gauge whether or not it would be worth my time, and all praised Star Trek: Redshirt's Little Book of Doom:

2 of 2 people found the following review helpful. Redshirt...the Charlie Brown of the 23rd century By Lee Kirby This is a hilarious collection of gag cartoons, written by Robb Pearlman ("Fun with Kirk and Spock") and illustrated by Anna-Maria Jung, featuring Redshirt, who lurches from one misadventure to the next as the Charlie Brown of the 23rd century. A Gorn blocks Redshirt's view at the movies. He's photobombed by Klingons. He has to push Captain Pike up a steep hill. Kirk catches him sitting in the command chair...among other indignities. Like Charlie Brown, he keeps failing...and keeps trying in spite of it. Provided they have at least a basic knowledge of the original series, which includes the understanding that any redshirt not named Scotty is...well, doomed...both the young and the young at heart can laugh at them. Highly recommended. 0 of 0 people found the following review helpful. and it's got enough wink-not to make "reading" it to her not too tedious. By M. Covington This might not be explicitly for children, but my 2 year old loves this. She wants to see "the red man" again and again, and it's got enough wink-not to make "reading" it to her not too tedious. 0 of 0 people found the following review helpful. Campy fun for adults, silly jokes for the children, illustrations all can enjoy. By Auntie Ane's Attic This book is written for children but has a definite humor that adults will appreciate and enjoy. I bought this as a gift for my adult Star Trek TOS fan son. We were both laughing and though it was well written, cutely illustrated and kept true to the original series stories and their campiness. If you are a Star Trek TOS fan and enjoy poking a bit of fun at your beloved show from time to time - then this book is just perfect. Cannot wait for the TNG version.

This new book from the author of *Fun with Kirk and Spock* casts a wry, satirical eye on one of the most popular sci-fi sagas of all time. In the successful tradition of adult pop culture humor books like *Stuck on Star Trek*, *A Very Klingon Christmas*, and the author's own *Fun with Kirk and Spock*, *Star Trek: Redshirt's Little Book of Doom* casts a wry, satirical, and reverential eye on one of the most popular and well-loved television and film franchises of all time. It's common knowledge that if a Star Trek character is wearing a red shirt, chances are he's going to die. But there are so many other ways red shirtwearers can be humiliated. By mining the humorous depths of Star Trek's most popular in-jokes that anyone wearing a red shirt is doomed, this book chronicles the many ways one Starfleet officer's day can be ruined. Poor Red Shirt just can't catch a break. Whether he's dealing with real-life problems we all face like accidentally mixing whites with colors or being stuck sitting behind a very tall Gorn in a movie theater or trying out a standup comedy routine in front of an audience of surly Klingons, our hapless hero faces a universe-sized number of obstacles. Featuring hilarious illustrations and witty gags that both pop culture fans and Star Trek fans will adore, *Star Trek: Redshirt's Little Book of Doom* is a fresh new take on one of the most beloved sci-fi sagas of all time. "Among Star Trek fans, it's well-known lore that any character wearing a red shirt likely isn't going to be around one way or another very long. By playfully plumbing the dark humor of that premise, Robb Pearlman's *Star Trek: Redshirt's Little Book of Doom* (Insight Editions) looks at the many humorous, humiliating ways a lowly Starfleet officer's day can be ruined." Parade Online

"In the successful tradition of adult pop culture humor books like *Stuck on Star Trek*, *A Very Klingon Christmas*, and the author's own *Fun with Kirk and Spock*, *Star Trek: Redshirt's Little Book of Doom* casts a wry, satirical, and reverential eye on one of the most popular and well-loved television and film franchises of all time." Broadway World

A fun little illustrated book, this one will definitely be appreciated by Trek fans who understand the red-shirt heartache. Geeks of Doom

About the Author Robb Pearlman is the author of two Star Trek books: *Fun with Kirk and Spock* and *The Wit and Wisdom of Star Trek*. He has had many sold-out Star Trek book signings at San Diego ComicCon, New York Comic Con, The Official Star Trek Convention in Las Vegas, and BookCon. Robb is the author of other pop culture, humor, and children's books, including *The Unicorns and Zombiestories*, *Nerd Haiku*, *Spoiler Alert*, *The Q Guide to Sex and the City*, and *Game of Thrones: In Memoriam*. Anna-Maria Jung is a full-time nerd and freelance illustrator from Graz, Austria. She finished a master's degree in Illustration in NYC and is currently living and working in Austria. She has published various comics and is known for her T-shirt designs covered with all kinds of nonsense. For more information go to annamariajung.com
