DC Ward : Stick Lives Matter: The First Collection of Liberal-Busting Cartoons from Politics, USA before purchasing it in order to gage whether or not it would be worth my time, and all praised Stick Lives Matter: The First Collection of Liberal-Busting Cartoons from Politics, USA:

0 of 0 people found the following review helpful. Great or Hate?By Michael MunzerThe author, Dennis Ward, has given us a previous book of cartoon strips about Mortimer, a devil, who with his girl companion, creates entertaining commentary on the state of affairs. This one, probably written in the heat of the election, represents a highly conservative look at our politics and society. Unlike Mortimer, who attacks the human condition, this is a great-or hate book depending on your political views.0 of 0 people found the following review helpful. Ha hahaha hahahaBy M. HeissWell, it gets the job done. Your kids will like this as much as they like the Michael Ramirez cartoons and Diversity Lane.

The first collection of cartoons from Politics, USA! From Islamic terrorism, to the refugee debate, to campus protests and the Black Lives Matter movement, 2015 has been a great year for making fun of the left. This is a small collection of the best cartoons of the year dealing with some of the most serious topics of our day, and the insane positions taken by the liberal progressives who are basically ruining everything. Perfect for anyone who's been paying attention to

news and politics, and also your liberal friends!
