Lots of wit and humor on each page as "Cat Counselors" explain problems and solutions. The photography is vivid and appropriate for each area addressed. Buy this book; it will make you smile over and over. 3 of 3 people found the following review helpful. Funny Read from a Cat's Perspective By Russell F. Grimm I got this for a family member who recently got a cat. She loved every page of this book and I'm really glad that I bought it on the spur of the moment. Personally, I'm really more of a dog person (mostly because I am allergic to cats) but this book is quite funny and I have to say that the writer does a great job with the stories. Makes for a very enjoyable read. 0 of 0 people found the following review helpful. Five Stars By mspencewife liked it
