I imagine I'll give it to a cat-person friend, since I've so thoroughly enjoyed the 'gold edition,' which I'd like to mention is superior only because of the perforated pages and the higher-quality paper. The pictures are unique, highly creative, and often amusing. So, even though I'll be gifting this edition along, I still suggest it strongly to cat-loving colorists!5 of 5 people found the following review helpful. the perfect addition to my coffee tableBy HollyI adore my Blue Star-Adult Coloring Book! I received my copy of Stress Relieving Cats today and was pleasantly surprised by the high quality and variety of images in the book! The cats come in a variety of poses and breeds. The cats don't seem quite as stiff as cats in some of the other cat coloring books I have seen.
