**Heather Gibbs Flett, Whitney Moss : Stuff Every Mom Should Know (Stuff You Should Know)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Stuff Every Mom Should Know (Stuff You Should Know):

1 of 1 people found the following review helpful. Great reference  
By CustomerI found this book very helpful. There are some great tips to use through your child's whole life basically I've gotten 2 of this book now. One, from a book store. The other, from . I just have to say that the one from was in significantly better condition.I recommend the book and purchasing it through !  
0 of 0 people found the following review helpful. Great gift idea for expecting parents!  
By lunarjoeI get this book as a gift (paired with Stuff Every Dad Should Know) for all my friends who are expecting. I get amazing feedback from them all saying how creative and fun these books were to read. They are not just the usual what to expect type of books but include creative ideas, real world solutions, and a bit of humor to top it all off. Many couples also tell me that they started some great conversations that would have otherwise not have happened. They are also quite short so they are an easy read for busy parents-to-be and from what I hear these are great books to read when expecting a little one.  
3 of 3 people found the following review helpful. Practical advice for any mom  
By MelissaCute book with great practical advice. I'm a fan of Heather and Whitney's Rookie Moms blog. This book is a great extension of their blogs. It offers real advice from real moms in a non-judgy way. Takes you through a range of topics from baby to tween (baby proofing in a non-overwhelming way, types of parenting, dealing with lice, and even card games to do with your older child). It's a nice succinct book and I will be sharing it with my mom friends.

This pocket-sized parenting guide for moms and moms-to-be is perfect for a baby shower or Mother's Day gift. This little handbook is filled with all the secrets and strategies a smart mother needs to know. Featuring tips for mastering quick and easy meals, suggestions for baby-proofing like an expert, advice on stocking your medicine cabinet, tricks to making a long wait fun, and much, much more, such as:

- How to Swaddle a Baby
- Fifteen Birthday-Party Survival Tips
- The Truth about Potty Training
- The Miracle of White Noise
- Comebacks for Unsolicited Parenting Advice

“Quick and useful tips all in one compact book to make you laugh and prepared for motherhood! From how to sing a lullaby to building a kick-ass fort, this book is charming and a must-have for mommies!”—The Go To Mom ([thegotomom.com/](http://thegotomom.com/))  
About the Author
