It comes in tablet form, where you write on a page, tear it off, fold it up and mail it. Very nice, simple design. The pictures are amusing if you like funny cat pictures (which I do). There are 5 different designs, each repeated like 8 times (I think there are 40 sheets). The ONLY real drawback that I noticed, is that it would be difficult to write anything longer than a page. However, for someone like my dad who would just want to say "Hi! Just wanted to see how you're doing!" once in a while, it would be perfect. I also

think it is an EXCELLENT deal for the price. If you are the type of person who sends a lot of cards or postcards, this would give you a little more room to write, more privacy than a postcard, and you wouldn't have to worry about envelopes or anything. Very convenient. I would definitely recommend this to anyone who wants to use it for SHORT letters.0 of 0 people found the following review helpful. Fun stationery, is a hoot!By Vanessa StrangeI have several of the fold and mail stationery sets, Catwoman is still my favorite. But this one is good, too. Has fewer lines to write on, which I prefer, less "pressure" to have to write a novel! The pictures are humorous, apparently there are a lot of fans for the Stuff on my Cat,,,,,,5 of 5 people found the following review helpful. Some very funny picturesBy Gavin ScottWhat do you get when you combine the recent spate of books of humorous dog and cat pictures with the Internet phenomenon of Snakes on a Plane?Stuff on cats.The cover image is one of the best, but there are a few more in there that make the book worthwhile. I picked this up at a bookstore the other night and was laughing out loud over it.It looks like the author sent out a request for people to send in "pictures of stuff on your cat" and as a result quite a number of the pictures are just of grumpy looking cats with rubber ducks (or whatever) piled on them, so some of it is generic "funny cat pictures" that are just ok.It's a great gift item just for the cover and the title / concept that will bring a smile to the face of almost anyone.The funniest cat picture book since "Why Paint Cats".G.
