Paisley Ray : Summer Flambe' (The Rachael O'Brien Chronicles) (Volume 2) before purchasing it in order to gage whether or not it would be worth my time, and all praised Summer Flambe' (The Rachael O'Brien Chronicles) (Volume 2):

1 of 1 people found the following review helpful. Solid novella spanning the summer between Rachel's freshman and sophomore college years. With twists!By CissaThis is the second novel in the series- but it's more of a novella.Anyway, this covers Rachel's summer between her freshman and sophomore years of college, when she is back at home, working in her family's restoration biz, and her absconding mother returns bringing a girlfriends and a LOT of

questions. Repercussions from the first book do show up, so I'd recommend starting there. And this was very short. Still, I liked knowing what Rachel was up to in the summer, and immediately started reading #3. These are really more about growing up than they are mysteries... but the mysteries are fun. Even better, though, are the people and the relationships. These have me totally hooked! I love Rachel's voice- she is very much her own age, with its charms and flaws. She is not at all generic. I look forward to reading more of her adventures.

14 of 15 people found the following review helpful. No Ending. Hate that. By Igavon It was a cute story and would have been a fine read, but there was no resolution to the story. I don't like reading a soap opera that is continued and I'm not sure when I will get to read more.

5 of 5 people found the following review helpful. Fun, Fun, Fun Read! By Steph I have fallen in love with Razz (Rachael O'Brien) and her gang of Southern misfits. Even though this book takes place in her hometown in Ohio and it has that Southern charm written all through it. Razz is finally home for summer break and trying to figure out what has happened with her mother, trying to accept her father's new girlfriend who is closer to her age than her father's, and trying to figure out how she is going to lose her virginity. Razz's mother, Maeve, has gone overboard with the psychic melodrama and brought a suspicious woman, Betts, who claims to be an aura reader, into Rachael's family life which doesn't set well with Rachael. Hilarity ensues when things happen between her, her mom and Betts, the crazy psychic and it turns out the person who is really on her side is the last person she expected to be. All the while, Rachael's suspicion towards Betts grows and she goes snooping to find out if this woman is full of it. What she finds makes her suspicion grow and her fear her mother is being brainwashed heightens. Within all the craziness and snooping, there is a touching long lost reunion which brings warmth and a happy fuzzy feeling in this book. Towards the end of the book Rachael realizes there is a tie in to New Bern, NC (from Deep Fried and Pickled) and has figured things out and why the art piece has been stolen. This is one of those series you don't see often, it is filled with humor, 1980s memorabilia, and great friendships. Ms. Ray has used her wit and cunning in this series and I laughed most of the way through both books. The only complaint I have is that I have to wait another couple of months until the next book in the series comes out!

Book two of THE RACHAEL O'BRIEN CHRONICLES, a novella, details Rachael's summer back home working in the family art restoration business, where chances of hooking up with her college crush hover between slim and none. Weirded out as her father's relationship with a ditsy young aerobics instructor heats up, Rachael soon finds herself living under the same roof with both of them. But that cannot compare with the shockwave of her mom showing up with her new traveling-psychic 'partner', which sends life into warp-speed wackadoo. The theft of an eccentric client's painting throws her another mind bender by unraveling a family secret and propelling Rachael into the arms of a wanted man. A tangled thread of personal discovery, heartache, and resiliency ignites in Paisley Ray's SUMMER FLAMBÉ.

From the Author SUMMER FLAMBE is the second novel in THE RACHAEL O'BRIEN CHRONICLES humorous mystery fiction series. I often get asked by readers what order THE RACHAEL O'BRIEN CHRONICLES books should be read in. Each book can be read without any prior knowledge of any of the others. That said, some readers do want to follow a chronological list of events in Rachael's southern fried, 80's college life antics so here it is. DEEP FRIED AND PICKLED by Paisley Ray SUMMER FLAMBÉ by Paisley Ray SHELLED AND SHUCKED by Paisley Ray TOAD IN THE HOLE by Paisley Ray JOHNNY CAKES by Paisley Ray SWAMP CABBAGE by Paisley Ray
