**C U Giggle : Super Duper Funny Jokes for Kids** before purchasing it in order to gage whether or not it would be worth my time, and all praised Super Duper Funny Jokes for Kids:

2 of 2 people found the following review helpful. Original and funnyBy AlidaFresh and original content of the book attracted my attention though the same was likely too advanced for my two little girls. I would say that jokes are more convenient for the kids ages 8 plus, however even though it's the kids book, parents should read it as well. Reasons

being are quite original jokes that I must admit I haven't seen elsewhere. Those jokes are product of an intellectual mind and one should develop such deductive way of thinking in order to eventually provide with (funny) answer. Recommended for developing your kids thinking while LOL at the same time :)
