Moms are People too--Treat them!By ZaabaaWhile some may say the best gifts are handmade, I always say the best gifts are things that are bought but that force you to do activities or make handmade things like you should be doing anyway. Enter Super Mom Coupons. This high quality, compact booklet contains a plethora of coupons that can be exchanged for 'mom' favors such as breakfast in bed, gardening, getting pampered for a day etc. Each coupon can be individually ripped out and gifted one at a time. The coupons are thoughtful and varied giving something for any type of mom. One of my favorite coupons was for a day of beauty which shows how broad the suggestions can be but still spark that important mother loving imagination.0 of 0 people found the following review helpful. Quite FrustratingBy TobyThey came on time early in the morning but when I opened the coupon book they pages were starting to fall out. So in about 5 minutes 3 pages were completely out of the book (fell out). It was poorly stitched and something should definitely be done about this.0 of 0 people found the following review helpful.
