Various : Supergirl: An Adult Coloring Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Supergirl: An Adult Coloring Book:

4 of 4 people found the following review helpful. A treat for Supergirl fans of every stripeBy Lee Kirby"Supergirl: An Adult Coloring Book," one of the latest entries in DC Comics' new "Coloring DC" series, is not up to the level of "Batman: Mad Love Featuring Harley Quinn" because it does not offer would-be comics colorists a full story to color.Rather, it's a more conventional coloring book which offers a collection of pages and covers from across

Supergirl's history, from the Silver Age to the dawn of the Rebirth era. In addition, this volume includes art from many Supergirl illustrators past and present, including Jim Mooney, Curt Swan, Carmine Infantino, Bob Oksner, Gary Frank, Leonard Kirk, and Emanuela Lupacchino. It even includes some Brian Ching art from the second issue of the Maid of Might's new comics series, which is on sale now. Whether you enjoy the Girl of Steel in comics, or on television, or both, "Supergirl: An Adult Coloring Book" is highly recommended. 1 of 1 people found the following review helpful. loves drawing and super heroes and loves coloring along in this book By Alitos 10 year old daughter loves it, loves drawing and super heroes and loves coloring along in this book. 1 of 1 people found the following review helpful. Great fun and memories for kids and adults By R. Miller Great images covering all the different versions of Supergirl. For adults and kids.
