Rodney R. Jones, Gerald F. Uelmen : Supreme Folly: Hilarious Excerpts from Actual Court Cases before purchasing it in order to gage whether or not it would be worth my time, and all praised Supreme Folly: Hilarious Excerpts from Actual Court Cases:

2 of 2 people found the following review helpful. Funny bookBy Dan SanleyThis book was a gift, but the feedback I got was that it was very funny and fun to read. The readers have no connections to the legal profession, so for them to find it enjoyable says everyone can enjoy it. They say to bee sure to read about Santa and his activities in California,

which the Attorney General found legal; using reindeer for transport, being caught in chimney with loot, to mention a few. 2 of 2 people found the following review helpful. Hilarious! Fall-out-of-your-chair funny! By Michael Falotico These excerpts from actual cases and trials will have you laughing yourself silly! How ever did they find all of this real-life humor? Jones and Uelmen have culled through massive amounts of documentation and have selected the most choice gems---pearls of hilarity that are certain to split your sides with laughter. But the book is far more than a mere collection of lawyer jokes and slip-ups: Jones and Uelmen have also collected interesting historical anecdotes from court cases and tidbits of funny incidents that have happened to famous jurists. An uproarious collection of humor that is also a fast read.

“More hilarity from the folks who brought us *Disorderly Conduct* . . . It’s better to laugh than to cry when contemplating the court system.” ?Booklist Lawyers and non-lawyers alike fell delightedly on the authors’ previous collection of ridiculous excerpts from actual court cases. Now Rodney R. Jones and Gerald F. Uelmen return with an all-new assortment of unintentionally amusing incidents from legal cases of all kinds, including folly in the Supreme Court itself.

From *Library Journal* This second book from the authors of *Disorderly Conduct* (Norton, 1987) is a collection of more witticisms culled from appellate court decisions. Epithets and names are included, as well as poetic (rhyming) justice. An appended table of cases allows the reader to locate the origin of the quotations. If your patrons enjoyed the authors' first book, you may want to add this to your collection; otherwise this is light reading that easily could be skipped.- Fern Sikkema, Schnader, Harrison, Segal Lewis, Washington, D.C. Copyright 1990 Reed Business Information, Inc. About the Author Rodney R. Jones is a practicing attorney in Medocino, California. Gerald F. Uelmen is a professor at the University of Santa Clara Law School. Jones and Uelmen have edited a companion volume, *Supreme Folly*, also available in Norton paperback.
