The writer and illustrator are genuinely informed and crazy about the combination of sushi and Star Wars. Since I love both as well...this was a no brainer! I will be buying this book for friends and family throughout the year. 0 of 0 people found the following review helpful. Doesn't get better than Miso-D2 and Prawn Solo By kamu One of the tastiest versions Star Wars I've ever found. Just started reading it and it's absoylutely delightful. Can't wait to read it to my nephews! Only bummed that there weren't illustrations in the book itself, but super happy I found the Sushi Wars website (sushiwars.net) and Twitter account. Soy-per excited to finish reading this, and hopefully find some of the plushes I saw on Twitter and get me a sweet Sushi Wars t-shirt! Love it! 0 of 0 people found the following review helpful. Who doesn't love Star Wars and sushi? By Marina S This is a great read for anyone who loves Star Wars and sushi ... I loved this book and so did my kids!

When 10-year-old Billy finds himself in a sushi bar bored, week after week, he starts playing with his food. His love of Star Wars takes over his imagination and the Sushi Wars oceanverse is born. What Billy doesn't realize is how eerily his real-life situations at the Moto Sushi Bar reflect the Star Wars story he knows and loves. Luke Soywalker,

Prawn Solo, and Princess Maki lead the rebellion against the Dark Lord of the Surf, Squid Vader. The trusty soyds, Miso-D2 and Soy-3PO, help the rebels battle the evil Tempura and their seemingly unending army of saketroopers. Just as Luke had to emerge a hero to save the galaxsea, Billy finds himself in a tough situation where he must quickly decide to step up to the call of a hero or hide away. This parody sushifies the Star Wars universe and interlaces with an all original story that takes place at Moto Sushi with an unlikely hero named Billy. May the Rice be with you always.
