Terrific book for sll ages.By Margaret Moss"Swimming to the Moon" is a delightful read not only for children, but for the adults who often have to read a book over and over again to the child at the other end of the book. Kids so love to be silly and it reminds us that silly can be good. As I was reading it to a 6 year old, I heard this:" Now wait, what does that mean?" I replied, "Think about it" and after about a half a minute suddenly the meaning came through to her and it was reflected in her face and the rest of her body.She lit up and flashed a smile to light up the room. "That's terrific", she said and that's how I feel about the entire book. Terrific, indeed!M. MossParker CO0 of 0 people found the following review helpful. Very cuteBy Vicki B.This book

reminds me so much of Shel Silverstein. His poetry was some I shared with my daughter as she was growing up. Now I share this book with my three grandsons!!0 of 0 people found the following review helpful. Very goodBy William H PattersonI gave this book to young relatives and have had very positive feedback.

A wonderful new collection in the spirit of the works of Shel Silverstein" So use your time as best you can, be happy when you're done, and live your life with no regrets, they only give you one." Words of wisdom, whimsy and wonder fill this collection of tall tales and silly stories. As you wander through the pages you just may come across a rare Giraffapotamus, or meet The Remarkable Hector McTwee, and maybe even take a ride on a Unicornicycle. There are Cannonballs and Cartwheelers, Tree Climbers and Trampolinists, Moon Swimmers and Moose Riders, and an amazing assortment of funny, strange, and unforgettable rhymes that will have you wondering just what's coming next. A timeless collection of poems and art keeping the tradition of hardcover books and bedtime reading alive. This is the first in a projected trilogy which will include the sequel *Running To The Sun*, to be followed by *Sailing To The Stars*. In the spirit of the wonderful books by Shel Silverstein, these beautifully illustrated verses and story-poems come to life with memorable characters and messages that will appeal to youngsters, parents, grandparents, adults, teens, and basically children of all ages. This poetry collection will become a favorite that you will turn to again and again, for bedtime reading, family time, or if you just need a smile to brighten your day.

ed by Joy Hannabass for Readers' FavoriteThis is a hilarious and fun book. Most of the time with poetry books, I find some I like, and others are not so good, but I enjoyed each and every one of the poems and stories in this book. They are fun, funny, enjoyable, and you will even find a bit of wisdom in each of them. And this is just a tiny bit of what you are getting in this special book. I highly recommend this fun-loving book of poems. I really think you will find hours of enjoyment with Jeff McMahon's *Swimming to the Moon*.
