Hilarious and BEAUTIFULLY illustrated BOOK!!!!By JenniferI was looking for a present for my husband's Birthday that was both unique and personal to his hobbies (his favorite hobby being fly fishing). While searching the net, I came across this GEM! This book describes my husband's Fly Fishing rants to a `T'! When I received the book in the mail, I was astounded at the BEAUTIFUL illustrations (and of course the story is hilarious)! I would absolutely love to see some of this illustrator's work in children's books, I think my kids would absolutely love the vivid pictures he has created!My husband LOVED the book as well, he was surprised I could find something that was so well suited to him and his experiences in one of his favorite hobbies- Fly Fishing!I would highly recommend this book to others! We leave ours out on the coffee table, creates a giggle when we walk by! THANKS to the author and illustrator for creating such a fun book!

Wisdoms and Frustrations of fly fishing in an irreverent poem, illustrated in color. If you've ever had a day you could not catch a fish, this gives you the reasons, and possibly the solutions. A few secret flies for the Bighorn River in

Montana are pictured.
