"I should get some kind of reward for not cutting you with the mail opener today." "The most productive thing you've done all day is fart and hey thanks for sharing that with us." Do you remember your worst boss? Are you working for him now? "Take This Job and Shove It!" is anonymous rage from your fellow downtrodden maids, teachers, waiters, cashiers, office drones, government workers, even celebrity assistants. These complaints come from white collar, blue collar, no collar - no matter what you do or where you're from, a bad boss is a bad boss. Hilarious, heartbreaking and always brutally honest, these letters, memos, and blackmail threats were fished out of the trash - and printed, as is, for your enjoyment. "Take This Job and Shove It!" will have you crying with laughter.

About the Author You may have heard AJ Rose in video games, cartoons, telling you what brand of cereal to buy or where to go to get the best deals on used cars. The foul-mouthed voice actress and star of BroadbandTV's "Lawn Justice" is playful, imaginative, and fearless. Rose is an autodidact, and knows lots of odd information tidbits that nobody else cares about. She is also a reporter, a researcher, a listener, a director/producer, a poker player, an explorer, a musician, a photographer, a seasoned emcee, a nerdy jack of all trades, and last but not least a writer. In her spare time Rose enjoys being really obnoxious to spammers and YouTube users, but she makes up for that last one by doing volunteer work. You might also find her tinkering with mechanical spare parts, solving Master-level crossword puzzles in under six minutes, eating Green Giant mushrooms straight from the jar, and making people laugh. She never has a bad hair day, and stays crunchy, even in milk. "No matter how dire a situation may be, I can always find the humor in it somewhere. If I was ever in a horror movie I would be the goofy one who doesn't seem to know quite what's going on but survives to the end with witty one-liners."
