Zapiro : Take Two Veg and Call Me in the Morning before purchasing it in order to gauge whether or not it would be worth my time, and all praised Take Two Veg and Call Me in the Morning:

A collection of recent cartoons, these scathing and hilarious depictions document 2007 as an eventful year of political folly in South Africa. With a special eye for the ridiculous, this commentary provides opportunity to laugh at the often bizarre antics of political figures, and the sharp, unique wit makes for both an entertaining and intellectually stimulating read.

"Zapiro has become synonymous with scathing criticism of all that is wrong in South Africa. His wry wit sends politicians up the wall and his cartoons pack a punch that make the most cynical giggle." —Pat Candido, former editor, The Evening Post
