Steven Doocy : Tales From the Dad Side CD before purchasing it in order to gauge whether or not it would be worth my time, and all praised Tales From the Dad Side CD:

8 of 8 people found the following review helpful. At Last ... the truth from the Dad's side! By James A. Hatherley "Tales from the Dad Side" is disarmingly powerful. Readers are forewarned that this is a "funny book," and it is all of that. Steve Doocy has a very engaging writing style that features an endless stream of humorous, laugh-out-loud metaphors and pop culture side shots on every page. You can almost hear the rim shots in the back of your head. Absolutely awesome. And yet, if this book is so funny, why was I so misty-eyed as I turned the pages, in much the same way I reacted while watching "The Bucket List"? If you are a Dad it's as simple as this - this book hits your humerus on its way to your head and your heart. What we have here is an author who is skillfully presenting his life in a humorous and poignant fashion. Along the way he invites his fellow Dads - and sons - to remember all the similar times and moments of their lives, and, with the wisdom gained from the passage of time, to re-enact and re-interpret, even retrospectively understand, their meanings and emotions. It's great to read a book that celebrates the value and contributions of fathers, rather than bash or ridicule or minimize them, which seems to have been too popular a trend for too long. Hurrah to Steve Doocy. Read his tales at your pleasure, but be ready for some serious introspection. 0 of 0 people found the following review helpful. Doocy's book is a great tool for a nice path to fatherhood. By Stefano L.

DesantoMr. Doocy`s book is a great tool for a nice path to fatherhood, good value and to keep the mind sane during these crazy times.1 of 1 people found the following review helpful. Great read!By JulywaneI purchased this for my son, who is a new dad this month--but I couldn't resist reading it first :-) It is funny and heart touching--I loved chapter 8 and chapter 11 the best. Be prepared to laugh out loud, and be warmed with "ah" moments!

Dear Prospective Audiobook Buyers,!Publishing types tell me if you're reading this it means you're looking for a reason to buy this audiobook.What you're holding in your hands is a very funny and sometimes remarkably poignant look at fathers from the dad's side. Which is why it's called Tales from the Dad Side.It's filled with stories of what it's been like as a dad and a son, from a child's first day of kindergarten, the awkward sex talk, right up to the day the always practical dad tries to pay for college with bonus miles. As children get older, the lessons of the father get harder. The truth is, fatherhood is like Wikipedia, some parts based in fact, others just made up along the way. And while bookstores are filled with tales of mothers, their children, and families, there are so few from the dad's side. Now as a public service, I'm doing my part to right this wrong.Steve Doocy

Steve Doocy does it again, with a often laugh-out-loud guide to the joys and perils of parenting in the modern age... Little league and Joe Namath, water moccasins and camping, rushes to the emergency room, college visits—it's all here and it's all funny. (Hugh Hewitt)About the AuthorEmmy Award-winning broadcaster Steve Doocy is the cohost of Fox News Channel's Fox Friends. He has earned reporting and writing awards from the Associated Press, Sigma Delta Chi, and the National Academy of Television Arts and Sciences, and has worked at NBC, CBS, and Fox. He and his wife, Kathy, live just outside New York City with their three children.Emmy Award-winning broadcaster Steve Doocy is the cohost of Fox News Channel's Fox Friends.
