Faerie This very humorous and the art is great! This is a great deck to use or for the collector, especially if they like cats. 0 of 0 people found the following review helpful. IF you like CATS and pictures of CATS....By pleinelune Whether or not you read tarot or are interested in it, these are GREAT, large drawings of cats doing cat things, for the most part. VERY cute. Love Kipling's artistry. These would look great framed and one could EASILY just cut off the bottom title that relates to tarot. Beautiful pix. Nice card stock. .

Your cat can now reveal the fate of each of his or her nine lives! Humans aren't the only creatures fascinated by the mysteries of the universe. Anyone who has observed a cat being spooked by a crumpled piece of paper or going through an elaborate grooming process knows that cats are beings of superstition and ritual. And now, for the first time, cats have a new guidebook to that most telling aid to prophecy: the Tarot deck. Tarot for Cats instructs all cats -- from the pampered Persian to the scrappy alley cat -- how to read and learn from the Tarot deck (with only minimal help from human companions). Included in this delightful package are an actual 22-card deck and a full-color 64-page book, containing detailed explanations of each card's symbolism and psychic implications, the history of the feline Tarot, and sample card readings. This is the perfect gift for the cat who is wondering whether the future holds a trip to the vet or a long, leisurely nap!
