Gaylord DuBois : Tarzan: The Jesse Marsh Years Volume 11 before purchasing it in order to gage whether or not it would be worth my time, and all praised Tarzan: The Jesse Marsh Years Volume 11:

1 of 1 people found the following review helpful. More great art and stories from the period By KR Bannon Reading these Tarzan reprints from the early 1950s, featuring art by Jesse Marsh and stories by Gaylord Dubois... kind of clears away the cobwebs for me. One can "take a break" from modern life, and get immersed once more in a straight forward type of story with the minimalist but elegant line drawings of Jesse Marsh. He seemed to draw this "jungle superhero"

perfectly for me. These Dark Horse reprints are a terrific and economical way to get your hands on these materials. Much less expensive and time consuming than searching used comic stores. And---they are quality color printed on nice white, archival pages! No worry about pages going yellow with age. I like to buy these DH books used if possible to save a bit more. 4 of 4 people found the following review helpful. Tarzan The Jesse Marsh Years By CHRISTINE ESTELLE BUSH This is a very good book Jesse Marsh is a very good Artist... Why have they stopped releasing these volumes? I am trying to understand why such good books stop being released. 0 of 0 people found the following review helpful. Five Stars By Kimberly McFarland Great remake - Love it!

Jesse Marsh continues revolutionizing comics art, imbuing these action-packed adventures with a blend of grace and power that has rarely been matched. Whether swinging through Marsh's beautifully rendered jungle, flying through the air atop his giant eagle, or battling marauders alongside his friends from all over Africa's land of Pal-ul-don, Tarzan proves one of comics' greatest heroes. And fifty issues in, Jesse Marsh keeps getting better!
