I didn't appreciate the black marks done with a felt pen on either the top or bottom of the book pages. This was very disappointing. I realize it was discounted and that's probably why it had those marks. I would have paid full price to get clean copies.0 of 0 people found the following review helpful. Daughter is an art teacher and loved the funny stories in this bookBy Joyce 5789This book was ordered for daughter who teaches art in an elementary school.Thought she might like to hear some jokes and quotes from other teachers about their kids.She loves it and has shared several stories with the other teachers in her school.Thanks for "making their day".0 of 0 people found the following review helpful. Great companion book to TeacherLaughsBy Allen KleinLike TeacherLaughs:Quips, Quotes, and Anecdotes about the Classroom, thisbook provides hours of laughs about the world of both teaching and students.

Teachers are some of the most beloved people in the world. That's only one of the reasons why it's so easy to make fun of them. The witty, amusing, and heartwarming tidbits collected here will charm educators and their fans alike. For instance, when asked to give definitions of clouds, a classroom of elementary students provided such definitions as "Rain is saved up in cloud banks," "Clouds are high-flying fogs." This book is a natural gift for your children's favorite

teachers.

About the Author? Todd Goldman is an innovative genius. As the creator and founder of the coolest clothing and accessory company on the planet, David Goliath, he works very hard to come up with new and exciting products that make people laugh. Todd has been doing stupid drawings since he was a kid, and he now lives and works in Florida.
