**Iain Spragg : Teachers' Strangest Tales (Strangest series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Teachers' Strangest Tales (Strangest series):

Featuring the flamboyant swimming teacher who spent his spare time fighting bears, the story of how a fight with his teacher paved the way for Al Capone's infamous crime empire, and the bizarre tale of the American teacher who sued

her own pupils for not paying attention in her lesson, this book is a real education.

About the Author Iain Spragg is the author of *Cycling's Strangest Tales* and *London Underground's Strangest Tales*.
