Global Doodle Gems, Laurie Beauchamp : Teacup Treasures: Cuties to color .. love and delight in ! before purchasing it in order to gage whether or not it would be worth my time, and all praised Teacup Treasures: Cuties to color .. love and delight in !:

9 of 9 people found the following review helpful. Adorable characters in tea cups!By ShariLove this book! Laurie Beauchamp does not disappoint with the adorable characters featured here. There is a variety of detail on each page, with something for any level of colorist. Pictures have some shading and can be considered cross between grayscale and line art. Pages are not perforated and are single sided.2 of 2 people found the following review helpful. Love it!By nicoleThis is my first coloring book by Laurie Beauchamp. I wish I'd gotten it sooner! I love her intricate artwork all of the little details she puts into each picture. The pages are single-sided it's create space paper so it's on the thin side but that's easily fixed. If you like teacups anything from kitties to walrus' to eagles very detailed pictures then you'll love this book. I definitely need Dazzling Dragons now!1 of 1 people found the following review helpful. Five

StarsBy kellieI love this coloring book. I have purchased several of them as gifts.
