Five Stars By Dan Ggood read for coffee tables 6 of 7 people found the following review helpful. Another Trudeau Masterpiece! By Wayfarer4 This book is a collection of the Doonesbury daily strips, and cover some of the more recent events in both the strip and in the world. As always, the wit is fun, the content is sharp, and the characters are pieces of art in themselves. I realize that Doonesbury is not for everyone, and so this book is pretty much for those that are fans of the series. Another stretch in the lives that are the Doonesbury cast is presented here, as they react to and live in the world today. Whether it's multi-war veteran B.D. (quickly becoming one of my favorite characters) coming out of his own shell and helping other vets with their lives following deployment and injury, constant schemer Duke putting together a team of second string Olympic hopefuls for a dedicated Beloved Benevolent Dictator For Life, of MIT student Alex

Doonesbury finding her place in the big world, this book keeps you laughing all the way along. Add into this the recent arrival of injured veteran Toggle and his "Not always the class act you see before you" mother, and the little jabs and nods to the current world events are a pleasure to read through.

No rogue regime ever needed its evildoing professionally reframed more urgently than Greater Berzerkistan, whose president-for-life Trff Bmzklfrpz (pronounced "Ptklm") needs to spin a recent round of ethnic cleansing. Fortunately, the pariah state (and its 50-hole golf course, built overnight by Kurds and Jews) borders Iran, a fact that K Street uberlobbyist Duke is retained to parlay into a major U.S. arms package. Meanwhile, across town, the crumbling of the newspaper industry crushes Rick Redfern's hope of continuing employment. After 35 years at the Washington Post, he is ejected into the blogosphere, where his prose now battles it out with that of 1,186,783,465 rivals, including Roland Hedley, who takes the art of Twittering to a new self-reverential low. Truly, everyone in Doonesburyland is struggling to adapt. While white Washington insiders scramble to acquire some African American friends, longtime black conservative Clyde schemes to score Obama's Blackberry number, Clinton-era Dems are forced to attend the president-elect's "No Drama School," and Jimmy Thudpucker once again reboots his career--this time as a cell phone ring-tone artist. No one ever said change was pretty.
