Susan Konig : Teenagers Toddlers Are Trying to Kill Me!: Based on a true story before purchasing it in order to gage whether or not it would be worth my time, and all praised Teenagers Toddlers Are Trying to Kill Me!: Based on a true story:

0 of 0 people found the following review helpful. Cute but not as funny as the cover implies.By jahgskiIt's cute but not as funny as the cover looks. It was a bit annoying how it seemed that her husband has a very "old-fashioned/old-school/hands-off" role at home despite having such a large family. I felt a little bit bad for the author but she seemed

happy enough - and was able to vent w/ the book. Some chapters did make me laugh - like the one about the Christmas decorations and the cartoon one. I believe homeschooling or stay-at-home moms would appreciate this book. 0 of 0 people found the following review helpful. Not sure why this is so highly rated. By Anna W. Meh. The first two little stories/chapters were funny. I laughed out loud at chapter 2, the one about breastfeeding expert Gisselle Bundchen. But after that, the book was really boring. Some of the stories have nothing to do with her kids. Some of them have these really cheesy endings. I can tell they were meant to be profound or thoughtful or even ironic but they came off as cheesy. I feel bad bashing this book but I didn't think it was very good or interesting and I'm wondering why it was so highly recommended by Parents magazine. 2 of 2 people found the following review helpful. Joyful chaos and a rare sense of humor. By Lyndon Haviland. Susan Konig has a wry voice that draws you into the love filled chaos of her home. Nothing is sacred, from her toddler standing in his bathing suit in a snow bank to her comedian husband sending messages from a cruise while Susan is left behind to deal with multiple children, animals and life. Susan shares her home, her family and her heart with readers. It is a quick read that lifts your spirits, makes you laugh while grabbing your heart. I want to be adopted into her family, and I can't wait for the next book to chronicle the Konig family adventures.

Susan Konig explores the funny side of motherhood while raising a toddler, two teenagers and one more somewhere in between. From the terrible twos to puberty pangs, the kids will be fine -- but can the parents survive? The third hilarious book in Konig's motherhood trilogy *Teenagers and Toddlers Are Trying to Kill Me!* is now available from Willow Street Press.

About the Author Susan Konig has been a staff writer for The Washington Post, an editor at Seventeen magazine and a columnist for The New York Post. Her articles and essays have appeared in many national publications including Ladies' Home Journal, Travel Leisure, First for Women and Parade. She co-hosted the popular Speak Now...with Dave and Susan Konig on Sirius Satellite radio with her Emmy Award-winning comedian husband. She lives with her family in New York City.
