**Andy Book, Evan Book : Tell it to Bartender Bob (Volume 1)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Tell it to Bartender Bob (Volume 1):

0 of 0 people found the following review helpful. Great Book!!!By A. D. G.This a compilation of stories one might be lucky enough to hear if one was to talk to a bartender or actually be present in a bar. I used to go to a few bars in my time and it is amazing the stories one hears especially if one was a regular of an establishment, and this book personifies the talk of regulars. It also let's you into the life of a bartender and how well they listen to everyone and

actually pay attention to what people say. Some, most of the stories are quite humorous, and some are the fond memories of men and women that have or lived full, rich lives. I truly recommend this book to anyone. 0 of 0 people found the following review helpful. brings back memories By Dorothy Bookfantastic real life stories very interesting to the last page....can't wait for the next volume .It makes a great gift for friends and relatives

A great story telling book full of fun tall tales of life.
