Ten Little Terrorists is a children's book for adults – a parody of various “ten little...” countdown stories combined

with the dark humor of a political satire on terrorism. Follow a group of inept little cartoon terrorists through their failed and politically incorrect attempts to carry out terrorist attacks while they gradually reduce their own numbers from ten to zero. It may not be appropriate for children – but you'll probably read this repeatedly to your friends.

About the AuthorThe real Patricia isn't just blowing smoke - she's proud of her Irish-American heritage, her children and grandchildren, and her new role as an author of satirical parodies she calls "children's books for adults."
